Application received and reviewed by ECC Committee Members: _____ _____ _____

Please Note:

1. Environmental Control Committee will handle the review of your plans as quickly as possible, but allow up to thirty (30) days.
2. For your protection, inquire with the County about permit requirements before starting any work on this property involving new construction, additions, alterations or any modifications to structural, electrical, heating, water, gas or sanitary plumbing systems; or property improvements (fence, garden wall, retaining wall, patio cover, garage, swimming pool, yard sprinkler, and etc.)
3. Please keep in mind:
   A. The Committee reviews plans, specifications as to style, exterior design, appearance, and location, and does not approve engineering design or compliance with zoning or building ordinances.
   B. The committee has the right to inspect improvements, constructed or being constructed, to ascertain that such improvements have been, or are being built in compliance with the plans and specifications approved by the Environmental Control Committee.
   C. You must not change the established drainage pattern of your lot.
4. All improvements must be completed within 90 days or an extension should be requested.

I agree to adhere to the ECC/CRD Rules and Procedures Book (Red Book) and the CC&R's. I declare the plans and specifications of existing conditions are true and correct. I agree not to begin work on this improvement without prior written approval from the ECC. I understand if any change is made without their approval, I may be required to remove the improvement from my property. I understand that approval is not a guarantee of structural safety or engineering soundness.
